IN REPLY REFER TO
BUMEDNOTE 1520
BUMED-M3F7/M3F8
25 Jun 2004

BUMED NOTICE 1520

From: Chief, Bureau of Medicine and Surgery
To: Ships and Stations Having Medical Department Personnel
Subj: 2004 GUIDANCE FOR STUDENT FLIGHT SURGEON AND STUDENT UNDERSEA MEDICAL OFFICER TRAINING APPLICATIONS

Ref: (a) CANTRAC NAVEDTRA 10500 series C
(b) MANMED articles 15-32, 15-65, 15-66, and 15-69
(c) OPNAVINST 6110.1G
(d) BUMEDINST 3710.1

Encl: (1) Sample Letter of Application
(2) NAVMED 1520/12 (Rev. 6-2003), Demographic Information Request (page 3 only)
(3) NAVMED 1520/18 (6-2003), Program Director/SMO Recommendation Form
(4) NAVMED 6410/9 (Rev. 4-77), Anthropometric Data Record
(5) NAVMED 1520/19 (6-2003), Anthropometry FAX Cover Sheet for Flight Surgeon Applicants
(6) Application Dates, Checklist and Deadlines Worksheet

1. Purpose. To establish guidelines for submitting applications and administrative policies governing application for and assignment to subject training. References (a) through (d) provide further guidance.

2. Cancellation. BUMEDNOTE 1520 of 26 Jun 2003.

3. Policy. All applicants for flight surgeon (FS) or undersea medical officer (UMO) training must use the procedures contained in this notice to request such training. Applications are reviewed by the cognizant office at the Bureau of Medicine and Surgery (BUMED) and are considered year round, except from interns, who will be selected during the Graduate Medical Education Selection Board (GMESB). In each case, the reviewing authority takes into consideration the overall needs of the service, the applicant's academic background, motivation, professional aptitude, experience, and physical qualifications. Naval Medical Department policy requires that graduates of the flight surgeon and undersea medicine courses serve in an active duty operational assignment for a minimum of 2 years following completion of training. Participants in the Armed Forces Health Professions Scholarship Program and graduates of the Uniformed Services University may discharge those active duty obligations concurrently during this period of training. Applications will only be considered for complete, continuous training, except for specific Navy requirements.

4. Flight Surgeon Training. The Naval Aerospace Medical Institute (NAVAEROMEDINST or NAMI), Pensacola, FL, conducts formal training leading to designation as a Naval Flight Surgeon. The course is approximately 24 weeks long. Classes convene in July, October, and

December of each calendar year per reference (a). For additional information, contact the Director of Academics at NAMI, (850) 452-2457 or DSN 922-2457, or e-mail: nami_mcdh@nomi.med.navy.mil, or visit <http://www.nomi.med.navy.mil/NAMI/Training/NavalFlightSurgeon.htm>.

5. Undersea Medical Officer Training. The Naval Undersea Medical Institute (NAVUSEAMED-INSTITUTE or NUMI), Groton, CT conducts undersea medical officer training. The course is approximately 23 weeks long and is conducted in three phases. The first phase is conducted at NUMI, and includes training in submarine medicine and intensive physical training in preparation for phase two. The second phase is diving training, conducted while the officer is on temporary additional duty to the Naval Diving and Salvage Training Center, (NAVDIVESALVTRACEN) Panama City, FL. The third phase is at NUMI, and the training is in radiation biology, and the BUMED Radiation Health Program. Classes convene in January and July of each calendar year per reference (a).

6. Quota Control. BUMED-M3F, advised by the specialty leaders for flight surgery and undersea medicine, is responsible for quota control for these programs. Quotas are assigned only after all reviews are complete. Training quotas are based on Naval service requirements dictated by higher authority.

7. Class Assignments. The Navy Personnel Command (PERS-4415) details selected Medical Corps officers to specific classes. BUMED-M3F flight surgery and undersea medicine specialty leaders provide a list of selected and alternate candidates to PERS-4415. PERS-4415 maintains class rosters, and based on assignment requirements, issues appropriate orders to candidates for a specific course date.

8. Submission of Applications. Submit all applications for assignment to FS or UMO training following enclosure (1).

a. Active duty and deferred Navy applicants (includes non-intern, intern, and scholarship students in a civilian internship) must apply via appropriate chain of command to Chief, Bureau of Medicine and Surgery, Attn: BUMED-M3F7 (UMO) or BUMED-M3F8 (FS), 2300 E Street, NW, Washington, DC 20372-5300.

b. All civilian applicants must apply through a Navy recruiter. Forward the application for training and the commissioning package together to the Commander, Navy Recruiting Command (COMNAVCRUITCOM or CNRC), Code 32, 5720 Integrity Drive, Millington, TN 38054. CNRC forwards application packages to BUMED-M131 for professional review and processing with concurrence from BUMED-M3F7 and BUMED-M3F8.

(1) Accession to the Navy may be made contingent on acceptance into subject training curriculum.

(2) Accession to the Navy does constitute approval for training with concurrence from BUMED-M3F7 or BUMED-M3F8 on Naval need and training availability.

c. Other United States uniformed service Medical Department officers must submit applications through their parent agency's chain of command to BUMED-M131MC via BUMED-M3F7 or BUMED-M3F8.

d. Allied uniformed Medical Department officers must apply through appropriate diplomatic offices under the Security Assistance Training Program.

9. Application Content and Submission Procedures

a. Each application must include:

(1) NAVMED 1520/12, Demographic Information Request, (enclosure (2)).

(2) NAVMED 1520/18, Program Director/Senior Medical Officer Recommendation Form (enclosure (3)) must be submitted directly to BUMED-M3F7 (Undersea Medicine) via mail or FAX to (202) 762-3449 or DSN 762-3449 or to BUMED-M3F8 (Flight Surgeon) via mail or FAX to (202) 762-3464 or DSN 762-3464. The mailing address is Chief, Bureau of Medicine and Surgery, Attn: BUMED-M3F7 (UMO) or BUMED-M3F8 (FS), 2300 E Street, NW, Washington, DC 20372-5300.

(3) Curriculum Vitae.

(4) A brief statement by the applicant stating his or her reasons for wanting to enter the field of either aviation medicine or undersea medicine.

(5) Command endorsement (active duty applicants only). In the case of interns, the endorsement should simply state, "Forwarded, recommending approval," or "Forwarded, not recommending approval," unless the commanding officer desires to add substantively to the endorsement.

(6) Two letters of recommendation are required for UMOs. Flight surgery candidates may submit if desired.

(7) UMO candidates must submit a record of timed 1½ mile run, number of pushups in 2 minutes, number of pull-ups in 2 minutes, and time in 500-yard swim using either breast stroke or side stroke. This is required for all undersea medicine applicants both active duty and civilian reserve.

b. Additional Requirements:

(1) Flight Surgery Applicants

(a) The physical examination should include:

1. Complete aviation physical examination performed by an FS following reference (b).

2. Lab studies:
 - a. Sickle cell test.
 - b. Glucose-6-phosphate dehydrogenase (G6PD) test.
 - c. Current test for human immunodeficiency virus (HIV).
3. Record all test results on the SF-88.
4. Any physical examination that recommends a waiver of the physical standards must be accompanied by the appropriate specialty consultation.
5. Anthropometric measurements shall be taken following BUMEDINST 3710.1, reference (d). These measurements shall be recorded on NAVMED 6410/9.
 - (b) FAX a copy of the complete history (SF-93), history continuation (SF-507), physical examination (SF-88), and NAVMED 6410/9, Anthropometric Data Record (Rev. 4-77) (enclosure (4)), or DAVID report to NAMI (Code 342) at (850) 452-3883 or DSN 922-3883, e-mail: code427@nomi.med.navy.mil or mail to: Officer in Charge, Naval Aerospace Medical Institute, Attn: Code 342, 340 Hulse Road, Pensacola, FL 32508-1092. NAMI Code 342 will notify BUMED-M3F8 when any candidate's anthropometric measurements are incompatible with current naval aircraft. Merely meeting commissioning requirements for height and weight does not guarantee anthropometric compatibility with any or all of the naval aircraft.
 - (c) Interns must plan to send the complete physical examination package, (including required consultations) to be received by NAMI no later than 1 November 2004. NAMI will evaluate each applicant's physical qualifications and aeronautical adaptability for duty involving flying as a student naval flight surgeon, and report the results to BUMED-M3F8. BUMED-M3F8 must have the results of the NAMI evaluation of the flight physical, along with any NAMI waiver recommendation, before an applicant may be selected for FS training.
 - (d) FAX a copy of NAVMED 6410/9, or of the DAVID report, using the NAVMED 1520/19 (6-2003), Anthropometry FAX Cover Sheet for Flight Surgeon Applicants (enclosure (5)), to Naval Aviation Schools Command, code 03D, at (850) 452-2290 or DSN 922-2290, for evaluation of an applicant's anthropometric compatibility with naval aircraft. If Fax is not available, call (850) 452-4701 or DSN 922-4701 for instructions. An unofficial evaluation of compatibility may be attempted from field sites using the Naval Aviation Certification Evaluation Program, accessible from .mil addresses at <https://nasc-pmss.cnet.navy.mil/anthro>. You will need to apply for a password.
 - (e) The original of the complete history (SF-93), history continuation (SF-507), aviation physical examination (SF-88), and anthropometry measurements (NAVMED 6410/9) must be placed in the applicant's health record. Do not send a copy of the history, physical examination, or anthropometry measurements to BUMED-M3F8.

(f) The applicant is encouraged to contact the BUMED-M3F8 secretary by e-mail at efmccconnell@us.med.navy.mil or call (202) 762-3738 or DSN 762-3738, to verify that the package is complete.

(2) Undersea Medicine Applicants

(a) Submit, as enclosures to the application, a complete submarine, diving, and radiation health physical examination performed by a UMO per reference (b), using DD 2807-1, DD 2808, and NAVMED 6470/13 (Rev. 4-2003), Ionizing Radiation Medical Examination. Any physical examination that recommends a waiver of the physical standards must be accompanied by the appropriate specialty consultation supporting such a waiver.

(b) All test results will be recorded on the DD 2808 and the NAVMED 6470/13. Block 73 of the DD 2808 will be used to document CBC, microscopic UA, lipid, liver function, fasting glucose, chest PA and Lat, and PSA. Box 15c should be marked "other" with Submarine and Diving Duty entered in block 44.

(c) Whenever possible, a hyperbaric pressure test should be performed to 50 fsw and documented. If a pressure test cannot be performed, it may be deferred until reporting to NUMI.

(d) The applicant is encouraged to call the BUMED-M3F7 secretary at (202) 762-3441 or DSN 762-3441, to verify that the package is complete.

10. Application Deadline. For interns, the fully completed application, including any ancillary consultations, must be postmarked by 1 November 2004, and sent to BUMED-M3F7 (for UMO), BUMED-M3F8 (for FS). Interns should e-mail or call the respective secretary not later than 15 November 2004 to verify that the package is complete. Non-intern candidates may submit applications at any time, after consultation with their detailers, if applicable.

11. Selection, Applicant Notification, and Applicant Declaration of Intention to Accept Training

a. For interns, the Undersea Medicine Selection Committee and the Flight Surgeon Selection Committee make final recommendations for selection for training, through a formal review process, to the GMESB. Both committees meet from late November to early December, in conjunction with the convening of the GMESB. Applicants who are otherwise qualified for the respective programs, but are not selected, are placed on an alternate list. If a selected applicant is unable to attend the training, a candidate from the alternate list will be selected.

b. Non-intern applicants will be notified individually by the reviewing authority at BUMED.

c. The Graduate Medical Education (GME) office at each training hospital will be notified of selections by message on or about 15 December 2004. The GME office will notify interns of their selection results (selected, alternate, or non-selection status).

d. Applicants must notify BUMED and BUPERS of their intentions to accept or decline training.

(1) Interns selected for FS training must notify BUMED M3F8 at (202) 762-3738 or e-mail efmccconnell@us.med.navy.mil by 12 January 2005 of their decision to accept or decline FS training.

(2) Interns selected for UM training must notify BUMED-M3F7 at (202) 762-3449 or (202) 762-3441 or e-mail lsgarsha@us.med.navy.mil by 12 January 2005 of their decision to accept or decline the training for which they have been selected.

(3) All interns selected for training must officially notify PERS-4415R (Undersea and Flight Surgery Medical Corps detailers) of their decision to accept or decline. Notification may be by letter to Navy Personnel Command, PERS-4415R, 5720 Integrity Drive, Millington, TN 38005-4415 or e-mail: p4415R@persnet.navy.mil.

(4) Individuals selected for more than one training program (FS, UMO, residency training) may accept only one program. Acceptance of the FS or UMO program will result in forfeiture of designation as a selectee or alternate for any other GME training program to which an applicant may have applied. Failure to notify PERS-4415 or the appropriate office at BUMED by the required deadline may result in the loss of the training opportunity.

12. Additional Information. Enclosure (6) is for the applicant's use as a checklist only. This is not to be included in the application.

13. Forms

a. DD 2807-1 and DD 2808 may be downloaded at <http://web1.whs.osd.mil/ICDHOMEDDforms2500-2999.htm> or obtained through normal supply procurement procedures.

b. NAVMED 6470/13 (Rev. 4-2003), Ionizing Radiation Medical Examination, may be downloaded at <http://navalmedicine.med.navy.mil/Files/Media/directives/navmed%206470-13.pdf>.

c. NAVMED 6410/9 (Rev. 4-77), Anthropometric Data Record, may be downloaded at <http://navalmedicine.med.navy.mil/Files/Media/directives/navmed%206410-9.pdf>.

d. NAVMED 1520/12 (Rev. 6-2003), Demographic Information Request (page 3 only), may be downloaded at <http://navalmedicine.med.navy.mil/Files/Media/directives/navmed%201520-12.pdf>.

PROGRAM DIRECTOR/SMO RECOMMENDATION FORM

NAVY FS/UMO

This form must be completed by the applicant's current program director or senior medical officer (SMO) to provide an appraisal of the applicant's performance, which will be used in the selection for flight surgeon (FS) or undersea medical officer (UMO) training. It should be sent directly from the evaluator to BUMED-M3F via facsimile at (202) 762-3464 or DSN 762-3464, or by mail.

1. APPLICANT NAME <small>(Print Last Name, First Name, MI)</small>	2. SSN	3. FS/UMO TRAINING CHOICE(S) <small>(In Order of Preference)</small>

4. PROGRAM DIRECTOR or SMO NAME <small>(Print Last, First Name, MI)</small>	5. TRAINING PROGRAM <small>(if applicant in training)</small>

6. LEVEL OF PERFORMANCE BEING EVALUATED	<input type="checkbox"/> INTERNSHIP	<input type="checkbox"/> RESIDENCY	<input type="checkbox"/> FELLOWSHIP	<input type="checkbox"/> ATTENDING STAFF
------------------------------------------------	-------------------------------------	------------------------------------	-------------------------------------	------------------------------------------

7. DATES OF PERFORMANCE EVALUATED <small>(Year, Month)</small>	8. LOCATION OF PERFORMANCE

9. COMPARED TO THE APPLICANT'S PEERS, THIS INDIVIDUAL'S OVERALL PERFORMANCE WAS: <small>(check box that applies)</small>

ANTHROPOMETRIC DATA

MEASUREMENTS

All sitting measurements are taken with the aircrewman sitting erect; looking straight ahead; head, shoulders, back and buttocks firmly against the seat back and fully inspired.

A. WEIGHT Taken to nearest pound on standard scale with subject in underwear.		POUNDS	
B. HEIGHT Vertical distance from floor to top of head with subject standing erect in bare feet.		INCHES	
C. SHOULDER WIDTH Distance across shoulders between greatest protrusion of deltoid muscles.		INCHES	
D. TRUNK HEIGHT Vertical distance from seat surface to shoulder with subject sitting erect.		INCHES	
1. SITTING HEIGHT Vertical distance from seat surface to top of head with subject sitting erect.		INCHES	CODE
2. FUNCTIONAL REACH Horizontal distance from back of shoulder to tips of thumb and forefinger pressed together.		INCHES	CODE
3. BUTTOCK KNEE LENGTH Distance from back of buttock to front of kneecap with subject sitting erect.		INCHES	CODE
4. BUTTOCK-LEG LENGTH Distance from back of buttock to heel of foot (plantar aspect) with subject sitting erect, leg extended.		INCHES	CODE

ANTHROPOMETRY FAX COVER SHEET FOR FLIGHT SURGEON APPLICANTS

From: _____
(applicant rank, name, and SSN)

To: Naval Aviation Schools Command (Code 03D), FAX (850) 452-2290/DSN 922-2290

Pages: Two, including cover

Encl: (1) NAVMED 6410/9 (or DAVID Report)

1. My return fax number is: _____.
2. My e-mail address is: _____.
3. My pager number is: _____.
4. My telephone number is: _____.

RETURN COVER SHEET

From: Naval Aviation Schools Command (Code 03D)
To: Flight Surgeon Applicant

1. The analysis of your anthropometry measurements has been completed. You are:

- ☐ Anthropometrically compatible with all naval aircraft.
- ☐ Anthropometrically incompatible with at least one type of naval aircraft. You may contact my office at (850) 452-4701 for further information.

2. I will provide a copy of these results to the Naval Aerospace Medical Institute (NAMI), Code 342, and to the Bureau of Medicine and Surgery (BUMED), Code M3F8.

APPLICATION DATES, CHECKLIST AND DEADLINES WORKSHEET

The table summarizes dates, action items, and deadlines for student flight surgeon and student undersea medical officer training applications. It is designed for use as a worksheet for you to identify all required items for your application and keep track of your application's progress.

- “Empty” cells indicate some action needs to be taken to complete the process from application through class assignment.
- “N/A” means not applicable.
- Refer to BUMEDNOTE 1520 text for detailed explanations.
